(Note 1) This information is based on the notice on results of consideration regarding the Debt Financing issued by the lender or arrangers. However, it does not guarantee that the actual financing will be conducted as described above, because the lenders should go thorough financing examinations.

(Note 2) Borrowings with a repayment period of 1 year or less are classified as “short-term” and borrowings with repayment periods exceeding 1 year are classified as “long-term”. The same applies below.

(Note 3) The syndicate of lenders consists of Sumitomo Mitsui Banking Corporation, Mizuho Bank, Ltd., and Sumitomo

Mitsui Trust Bank, Limited.

(Note 4) Financing fees and other charges payable to the lenders are not included.

(Note 5) The first interest payment date is December 30, 2025, and thereafter, interest payment dates are the last day of every 3-months and the principal repayment date. However, if such date is a non-business day, the interest payment date shall be the immediately following business day, or if such date falls in the next month, the interest payment date shall be the immediately preceding business day. For borrowings with floating interest rates, the base interest rate applicable to the calculation period for payment of interest on any given interest payment date is the Japanese Yen TIBOR for 3 months as announced by JBA TIBOR Administration at 11 a.m. (Tokyo time, the same applies hereinafter) or at the point of time after 11 a.m. and as close to 11 a.m. as possible, on the date which is two business days prior to the immediately preceding interest payment date (or two business days before the drawdown date for the first interest payment date). For the base interest rate applied to the initial interest calculation period, the interest rate of one month from the above Japan Yen TIBOR will be used. However, if no interest rates are found for the corresponding interest calculation period, the base interest rate for the relevant period shall be calculated based on the method set forth in the individual term loan agreement. For Japanese Yen TIBOR announced by the JBA TIBOR Administration which is used as the base interest rate, please check with the JBA TIBOR Administration website (<https://www.jbatibor.or.jp/english/rate/>) Concerning the Debt Financing, SAR may consider fixing the interest payments by entering into interest rate swap agreements, etc.

(Note 6) If a principal repayment date is not a business day, repayment shall be made on the next business day; however, if such date falls on the next month, repayment shall be made on the immediately preceding business day.

(Note 7) If certain conditions, such as advance notification in writing by SAR, are satisfied during the period between the date of execution of the Debt Financing and the principal repayment date, SAR may prepay the borrowed amounts either in whole or in part prior to maturity.

(Note 8) Certain financial covenants, such as stipulating that certain financial figures should be maintained based on assets and liabilities, are expected to be established for the Debt Financing.

## 2. Reason for the Debt Financing

The proceeds from the Debt Refinancing will be appropriated to the repayment of the 3,600 million yen long-term borrowing to mature on October 31, 2025. For details, please refer to the press release announced by SAR dated October 14, 2020 entitled "Notice Concerning Debt Financing (Refinancing)".
